- **Open door relearning assessment** score should be included as one of the FA scores for reporting for *Science* and *Mathematics* in each cycle.
- **Subject enrichment** ASL in Languages-click [here](#) for more information, Laboratory-hands on work in Science, Mathematics and Computational thinking-click [here](#) for a sample rubric, Project work in SSC (click [here](#) for steps in planning & rubrics) will be part of the bouquet of formative assessments.
- At least one **art integrated project** to be planned in classes 6-7-8 on the art form of the paired state – Arunachal Pradesh for schools in Uttar Pradesh and Madhya Pradesh for schools in Bihar. This may be assessed under one or more of the curricular areas as a FA. Details of this can be found in this link [ALL](#).
- **Portfolio** will have to be maintained for every child. Techniques and format for this will be co-created for every curricular area. Click [here](#) for a sample of portfolio assessment.
- **Self-assessment** (click [here](#) for sample), **peer-assessment** (click [here](#) for sample), will be used as techniques in the FAs.
- There will be **no standardised examinations** in FAs with prior information, schedule, and syllabus. The FAs must be taken **in parallel** with teaching learning activities to act as a feedback loop for teachers and learners.
- Formative assessment must be of **various types**. Refer to the following for ideas:
  - [Teacher’s Resource](#) for ideas on assessments
  - [TTKT-Assessments](#)
  - [TTKT-FA TOOLS](#) (Will be progressively crowd populated)
- Formative Assessments will be **evenly distributed** and **mapped with the competencies** transacted in that term.
- **Full marks for formative assessments** should be 10marks. Sum of best two will be reported in HPC for FAC1 and FAC3. Average of best two will be reported in HPC for FAC2 and FAC4
- Human Values and global perspectives (**HVGP**) to be subsumed in “socio-emotional & ethical learning”.
- **Games, yoga, martial arts, health education** will be subsumed in “physical education”.

- The curriculum and the study material for **Vocational/Skill** Electives is available [here](#). Follow [this](#) link to visit CBSE skill education site for books and curriculum.
- From this stage, it is expected that all facilitators will **share the rubric of assessment** before a FA/SA. Learners will also co-create rubrics.

SR=> Selected Response

CR=> Constructed Response

The two major item or response formats are Constructed Response and Selected Response.

**Constructed response** items require students to supply their own responses. They include short answers, essay, and performance assessments.

**Selected response** items require the students to choose an answer from a set of two or more options. Common types of selected response items include multiple choice items, true/false items and matching items.

Remembering	“ What do I expect the learner to know?”
Understanding	“ Can learners interpret what they know?”
	“ Can they extrapolate from what they know?”
Applying	“ Can learners see the relevance of this idea to that situation ?”
Analysing	“ Can they analyse relationships in the field?”
	“Can they analyse organizational principles?”
Evaluating	“ Can the learners make judgements based on internal evidence?”
	“ Can they make judgments based on external evidence?”
